

# Cape Haze Pioneer Trail

This trail, opened in 1999, is built along a segment of the former Charlotte Harbor and Northern Railroad. One of the primary uses of this former rail line was transport of phosphate from Florida's inland mining district to deep-water ships at Boca Grande. Today, the corridor provides an enjoyable experience for trail goers of any age. The future plan is to extend the trail south to the Town of Placida.

**Major Activities:** Walking, Biking, Wheelchair  
**Trail Length/Surface:** Approximately 5 miles, paved  
**Fee:** None

**Counties:** Charlotte County

**Nearby Cities:** Englewood, Port Charlotte

## ***Directions/Access:***

The main trailhead is at the trail's northern terminus at SR 776 and CR 771. From Port Charlotte, take SR 776 west to the intersection with CR 771. Trail begins just southwest of this intersection.
